Jennifer, after checking with our team, August 19th does not work for us to have this meeting. I would like to propose that we hold this meeting on Thursday, September 8th beginning at 9:00 am. We expect to have a small group comprised of myself, Chip, Burt, Jennifer Peterson, Mike Poulsen, and John Malek. An alternate date is the afternoon of September 22nd.

I have been in contact with Jim McKenna on this. Please let me know if this works for you team and I will confirm with my team.

Thanks, Eric

Subject: Scheduling Benthic Approach Meeting with LWG (reply requested)

Chip, Eric,

As noted in the revised alternatives screening check in process provided to EPA on July 1st, the small technical group benthic toxicity AOPCs meeting is scheduled for mid August. The dates that work for the LWG team are Wednesday, August 18th and Thursday, August 19th. Please let me know if your team is available to attend a four hour meeting on either of these dates.

Please let me know if you have any questions.
